Experience

Curio

Creative Direction and Marketing

Develop and execute a cohesive brand presence across social media platforms, in the store and on the website.

Service design for both online marketplace and physical location.

Create marketing deliverables including product photography, logos, social media posts, etc.

Developed and continue to maintain e-commerce website.

Albuquerque

July 2016 - Present

myPingo

UI/UX Design, Brand Development

Conceptualized, designed, and tested the user interface for a platform agnostic creative app.

Created robust prototypes by utilizing a "User First" design approach.

Worked closely with development and management teams to reach viable solutions in a timely manner.

Developed brand deliverables for all marketing platforms including the website, newsletters, blog posts, and social media.

Austin

November 2015 - February 2017

Freelance

Any and Everything

Continue to broaden my range of experience through an innately curious approach.

Constantly striving to develop an updated, strong and diverse skill set.

Curating a network of creatives, business professionals, influencers and mentors.

Albuquerque

August 2008 - Present

Skills

Proficient in Illustrator, Photoshop, After Effects, InDesign, Lightroom, Experience Design, Sketch, InVision, Flinto, Figma, and Framer.

Working knowledge of web technologies including HTML, CSS, Sass, JavaScript, PHP, Wordpress, cPanel, WHM, and WHMCS.

Strong conceptualization skills, accustomed to quick iteration cycles, adaptable, perceptive, open to constructive criticism.
